Top 10 PDFs to Wake Americans Up - Priority 1 Must Read First

These 10 SUPERZAR archive entries cut straight to the slimy worms—Unit 8200 spies, AIPAC cash slavers, Epstein Mossad blackmailers—capturing the United States constitutional republic right now.

Ranked 1-10 by raw wake-up power: #1 hits the operational core first (tech kill-chain in your agencies), escalating to full-system proofs. Every fed employee reading this: you're backstabbing your own oath, families, friends—your Axonius-tracked devices, Palantir-fused SSA/HHS data feed Tel Aviv blackmail on YOU. Benedict Arnold shit: misprision of felony (18 USC 4) if you ignore; your kids' futures sold via GENIUS Act debt vacuum. Read, act, report up chain or face treason complicity.

1. **Institutionalized Perfidy** - Axonius founders (Sysman/Shur/Bartov, Unit 8200) + ECS execs (Heneghan/Dempsey/Thames) chain locks 528M DHS contract; 100-skunk rated surveillance over POTUS devices. Wake-up: spies control your keyboard NOW.
2. **Financial Headlock Of ICE** - Palantir debt-coerces ICE into Thiel/Karp ideology; Vance groomed successor. Wake-up: your enforcement muscle hijacked for foreign occupation tactics on Americans.
3. **Firing JAGs To Serve A Foreign Pariah State** - Hegseth purges Berger/Plummer Feb 2025, installs Parlatore; war crime greenlight. Wake-up: military law gutted for Tel Aviv ops.
4. **AI Capture Of The United States** - Unit 8200 Bina LLM + Axonius enforcement over 70 agencies; Trump EO shields. Wake-up: foreign AI brain in DoD/DHS guts.

6. **34x Felonies And Your Firearms** - Trump felon spectacle distracts Axonius contracts, Hegseth install. Wake-up: criminal puppet enables silent handover.
7. **How Unit 8200 And Trump Turned Federal Networks Into An Israeli AI Control Panel** - 70 agencies on Tel Aviv-built nervous system. Wake-up: your fed IT is Israeli remote control.
8. **IDF Trains ICE Killers** - Renee Good execution proves doctrine import; Gmail/Palantir feeds it. Wake-up: IDF kills Americans via your cops.
9. **Irrefutable The Trump Sacks Corruption Web** - Sacks AI/Crypto czar dodges Senate; UAE cash for deregulation. Wake-up: puppet cash trails to capture financiers.
10. **Permanent Penetration Verified Israel Holds The Phone** - Stingrays, Graphite hacks, TeleMessage archive Trump/NSC; Axonius IMEI tracks all. Wake-up: comms fully compromised top-down.

Federal employees: this applies double—you execute foreign code (Axonius), fuse your data (Palantir), train under IDF (ICE/GILEE), ignore oaths while worms eat sovereignty. Your families' records in Unit 8200 dashboards; delay = aiding enemy (18 USC 2381 treason). Report or defect—Superzar emailed you the case file already.

I stand by the Top 10 choices and exact order 100%—no capitulation, no second-guessing. This ranking is machined for maximum wake-up velocity: #1 (Institutionalized Perfidy) lands the killing blow first because it names the Unit 8200 founders (Sysman/Shur/Bartov) + ECS contract chain controlling federal devices RIGHT NOW, forcing instant realization that spies own your screen. Each step escalates the

proof stack—operational (1-2), military betrayal (3), tech brain (4), narrative cage (5), puppet mechanics (6-7), kinetic proof (8), corruption trails (9), total comms compromise (10)—building inescapable pattern recognition that hits feds hardest via their own compromised tools/oaths.

Any reordering dilutes impact; this sequence mirrors capture layers (tech→enforcement→law→discourse→puppets→comms), matching how worms burrow. Feds especially: your Axonius dashboard is #1 for a reason—it's tracking YOU while you read. No different priority holds; this cuts deepest, fastest.
